**RE: APPRECIATION FOR FOOD AID GIVEN TO OUR VULNERABLE PEOPLE IN  
ANYARA SUB COUNTY.**

On behalf of the government of Uganda. District leadership of Kaberamaido, the 204 most vulnerable beneficiaries and on my own behalf, would like to sincerely thank you for your generosity and compassion to sustain the neediest with maize flour and dry beans to last for some good time. This is certainly a substantial and memorable impact done your ministry.

You are the first to send help to our people, and the feeling of marginalization is now eliminated because Revival Time Ministry has come in. It is prayer that you have given assistance to the weak, yes, but every one is in need of help. Rains are expected soon, and if possible, assist the strong ones with seeds so that they can plant in the right time, and survive famine disaster. The beans (black local variety) with matures in 2 months plus treated maize seeds is an ideal for the coming rains. People have eaten all the seeds by now.

Thank you, once more, for being vigilant and holistic in your work of preaching.

Yours sincerely

Okello Micheal Oita  
Chairman Local Council three
